We have many activities for you to do this summer! Track them here, then enter them in the Beanstack app, or bring this sheet to the library for a librarian to enter for you. You can find more information about each activity at the library, on our website, or in the Beanstack app.

“Imagine Your Story” Through Writing:

Use our prompts in Beanstack to experiment with different forms of writing. What you write doesn't need to be perfect; have fun exploring the different techniques and expanding your writing skills! Caregivers can help younger children with this activity by encouraging and supporting their child's imagination, storytelling, and pre-reading skills. A librarian can print the prompts for you, if you're unable to access Beanstack. Complete at least 6 writing activities to earn a new writing journal of your own!
